Case Report - Pet Patient 9 - 2024

Case Background

Feline

Case Data

Day 0 - Monday - 11:00 am - Date of pronouncement.

- 12:00 pm - The family reached out for pet preservation services informing us that their pet had passed earlier that day. The family decided they would transport the pet themselves via train to our facility. The pet was stored on ice packs for transportation.
- 7:50 pm - The family and pet patient arrived at our facility. Chemical perfusion through the heart with 10% neutral buffered formalin was completed immediately.
- Surgical isolation of the brain was completed. The pet patient's fixed brain was immersed in 10% neutral buffered formalin and placed into refrigeration for permanent storage.
